# MANSI TUKADEKAR

Pune, Maharashtra, India | +91-9579497150 | mansitukadekar@gmail.com | linkedin.com/in/mansi-tukadekar

## PROFESSIONAL SUMMARY

Computer Science graduate with a completed Java Full Stack Development course and hands-on industry exposure as a Software Developer Intern at TeknoTantra Systems Pvt Ltd, building full stack systems and gaining working knowledge of cloud technologies. Comfortable working with agentic coding tools and AI-assisted development workflows to deliver efficient, well-structured code. Seeking a Full Stack Developer / Software Engineer role to grow within a collaborative engineering team and contribute to scalable, real-world systems.

## WORK EXPERIENCE

**Software Developer Intern - TeknoTantra Systems Pvt Ltd, Pune** **April 2026 – Present**

TeknoTantra Website | Astro, Express.js, JavaScript, HTML5, CSS3, MySQL, REST APIs, Git

- Built and maintained 10+ responsive pages for the company's official website using the Astro framework, delivering a mobile-friendly frontend experience.
- Integrated frontend pages with Express.js REST APIs to enable dynamic data rendering and seamless client-server communication.
- Implemented and validated CRUD operations for core features, ensuring accurate data handling between the frontend and MySQL database.
- Engineered admin panel modules and strengthened data integrity through form validation, preventing duplicate-record submissions.
- Resolved frontend and backend bugs and validated REST API responses using Postman, improving application stability and reliability.
- Streamlined development workflow via Git branch management and collaborated with a 2-member team to deliver feature enhancements.

## PROJECTS

**Online Shopping Cart System (Java Full Stack)**

Java, Spring Boot, MySQL, HTML, CSS, JavaScript

- Engineered a full-stack e-commerce web application enabling users to browse products, manage a shopping cart, and complete purchases, with registration, login, and cart management features.
- Configured a MySQL database using Spring Boot to handle persistent storage of users, products, and orders.
- Implemented secure user authentication and session handling to protect user data across login and checkout flows.

**E-College Management System**

C#, .NET Framework, MySQL, HTML, CSS, JavaScript

- Delivered a web-based college management system automating TC, Bonafide, and Nirgam certificate generation, integrated with a MySQL database for secure student record storage.
- Designed role-based interfaces for students and administrative staff to raise, track, and process certificate requests.
- Validated form inputs and data entries to maintain accuracy and consistency of student records.

**Online Banquet Booking System**

HTML, CSS, JavaScript, MySQL

- Designed a responsive web-based platform for browsing banquet venues, checking availability, and booking halls through a user-friendly interface.
- Built a MySQL-backed booking module to manage venue availability, reservation records, and booking status.
- Implemented client-side form validation to ensure accurate and reliable booking data entry.

## TECHNICAL SKILLS

**Programming Languages:** Java, JavaScript, C, SQL, PL/SQL, React

**Backend Frameworks:** Spring Boot, Spring MVC, Servlets, Node.js, Express.js

**Databases:** MySQL, Database Design, RDBMS

**Tools & Platforms:** Git, GitHub, VS Code, Eclipse, Postman

**AI-Assisted Development:** ChatGPT, OpenCode, Kilo Code (VS Code extensions) for coding productivity, Kimi AI for presentation design

**Core Concepts:** Data Structures and Algorithms, Object-Oriented Programming, Operating Systems, Computer Networks

## EDUCATION

**Bachelor of Technology, Computer Science and Engineering** **2021 – 2025**
MGM's College of Engineering, Nanded | CGPA: 7.63

**H.S.C (Science)** **2021**
Heritage International Junior College, Nanded

**S.S.C** **2019**
Priyadarshini VidyaSankul, Nanded
